Subject: Revival & Judgment Coming to St. Louis, MO

Dear Pastor,

The Lord has been speaking to me since 1996 about a mighty outpouring of His Holy Spirit coming to the St. Louis region that will spread in all directions across America. In 2014, He revealed that the revival the Church has been praying for would not come without judgment being released. That was a very painful and heart-wrenching revelation. Since 2014, He has continued to reveal His intention to send judgment.

We know that the Lord is gracious and merciful, slow to anger and great in lovingkindness (Ps 145:8-9; Joel 2:13), but to say that He will not judge sin and wickedness is to make Him less than who He is. The Lord is Holy, and His judgments are righteous (Ex 15:11; 1 Sam 2:2; Ps 111:4; Rev 16:4-5, 19:2).

Directed by the Holy Spirit, I am submitting this prophetic message to you as well as other leaders in the St. Louis area. **The Holy Spirit now declares that He will increase the intensity of judgments upon the city in the days to come (Please see Leviticus 26:14-33).**

The Lord sees the wickedness of St. Louis, but He will make it a city of righteousness! We know that the Lord loves the inhabitants of the city! Who knows whether the Lord will relent of what He has determined to do (Joel 2:14). Please see the attached document that summarizes what the Lord has revealed over the past 22 years.

I am not sending this letter in a spirit of pride or to secure a speaking engagement. I am submitting this to you and the Body of Christ in the St. Louis area in obedience to the Holy Spirit. May the Lord give you the discernment you need to judge the truth of this message (1 Cor 14:29).

All of us at Joshua Revival Project are praying for you and for those who live in St. Louis. We are crying out for mercy from the Lord!

I invite you to call me directly at (618) 771-9004 if you have any questions.

In Christ,
